

Romeo and Juliet

Read the poem with a friend and try to figure out what each bold word means based on the context.

My dear Juliet, your sight is **everlasting** as heaven above.

Your eyes **gleam** as bright as a **lavishly** blue jewel.

my eyes set on yours they **leap** at the sight of love.

Your love makes me so crazy I've become love's fool.

Your sincere love is winter's **breathe**.

My love for you is stronger than anything else.

The sight of you made me more **stiff** than death.

Your voice **chimes** as beautifully as bells.

Our family's **feud** is due to tear us apart.

Though I've been **banished**, my love still longs for you.

I wait again to **catch** your heart.

Oh, Juliet I wish we could start love of new.

Our love shall last **forever** till we die.

No one in the entire world loves you more than I.
